RE: Recommendation for Kreitz Transport

To whom it may concern,

I have been working with Kreitz Transportation for close to a year now and have had nothing but a positive experience. I've had trouble finding reasonable and reliable transportation from our warehouse in American Canyon to our winery up valley. Kreitz has been the perfect solution for those needs. They are reliable with their projected delivery dates, and communicate very well; both qualities that are difficult to find in the trucking industry in my experience. I plan to continue to partner with Kreitz for as long as we need to transport wine within the valley, and they are willing to do so. I couldn't recommend them enough if you have similar needs.

If you have any questions or would like to hear more about my experiences with Kreitz, please feel free to call or email and I would be happy to talk in more depth.

Sincerely,
